149 CRs from **34** European countries

more than **34,500,000** records in the database

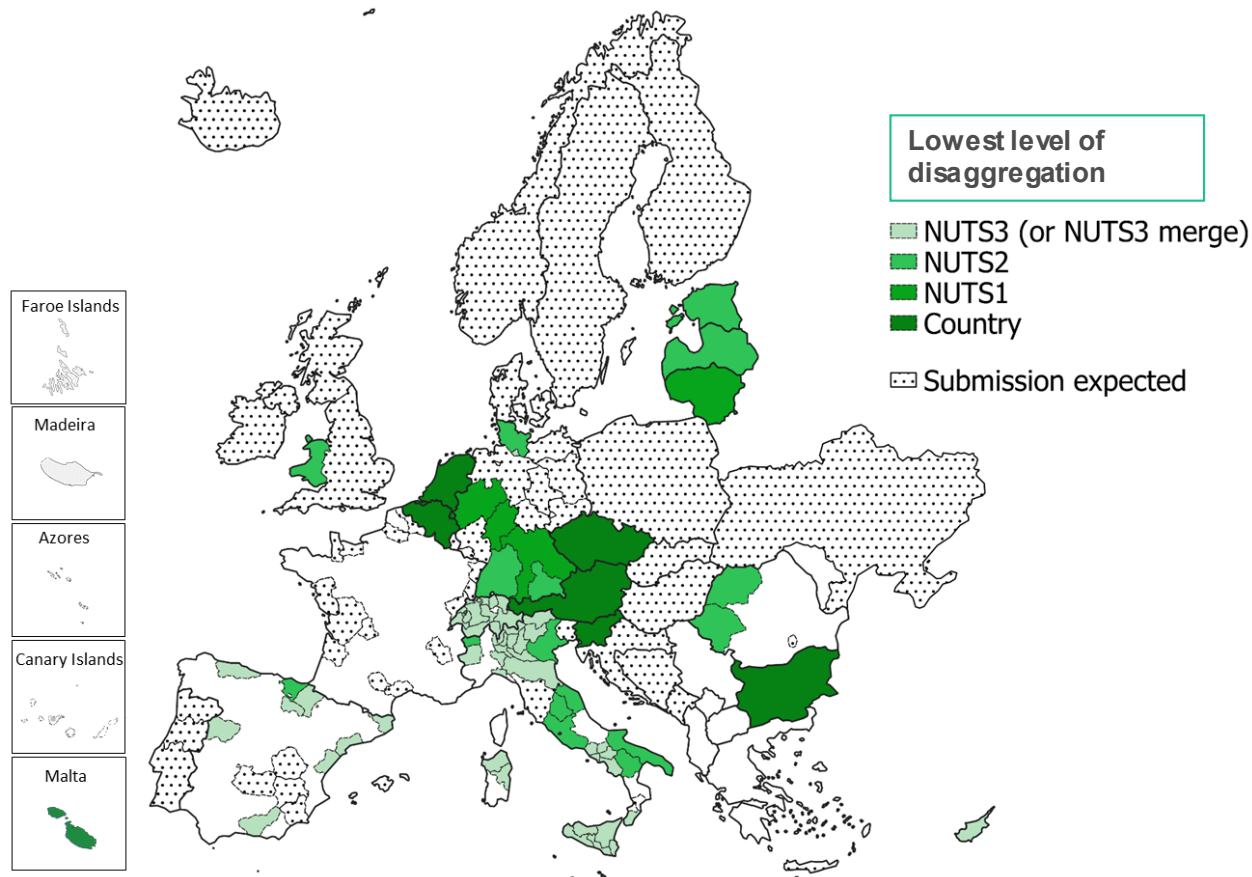

Covering about 60%
of the
EU/(CH/NO/IS)
population

-  Data submitted
-  Data not submitted
-  Data not available

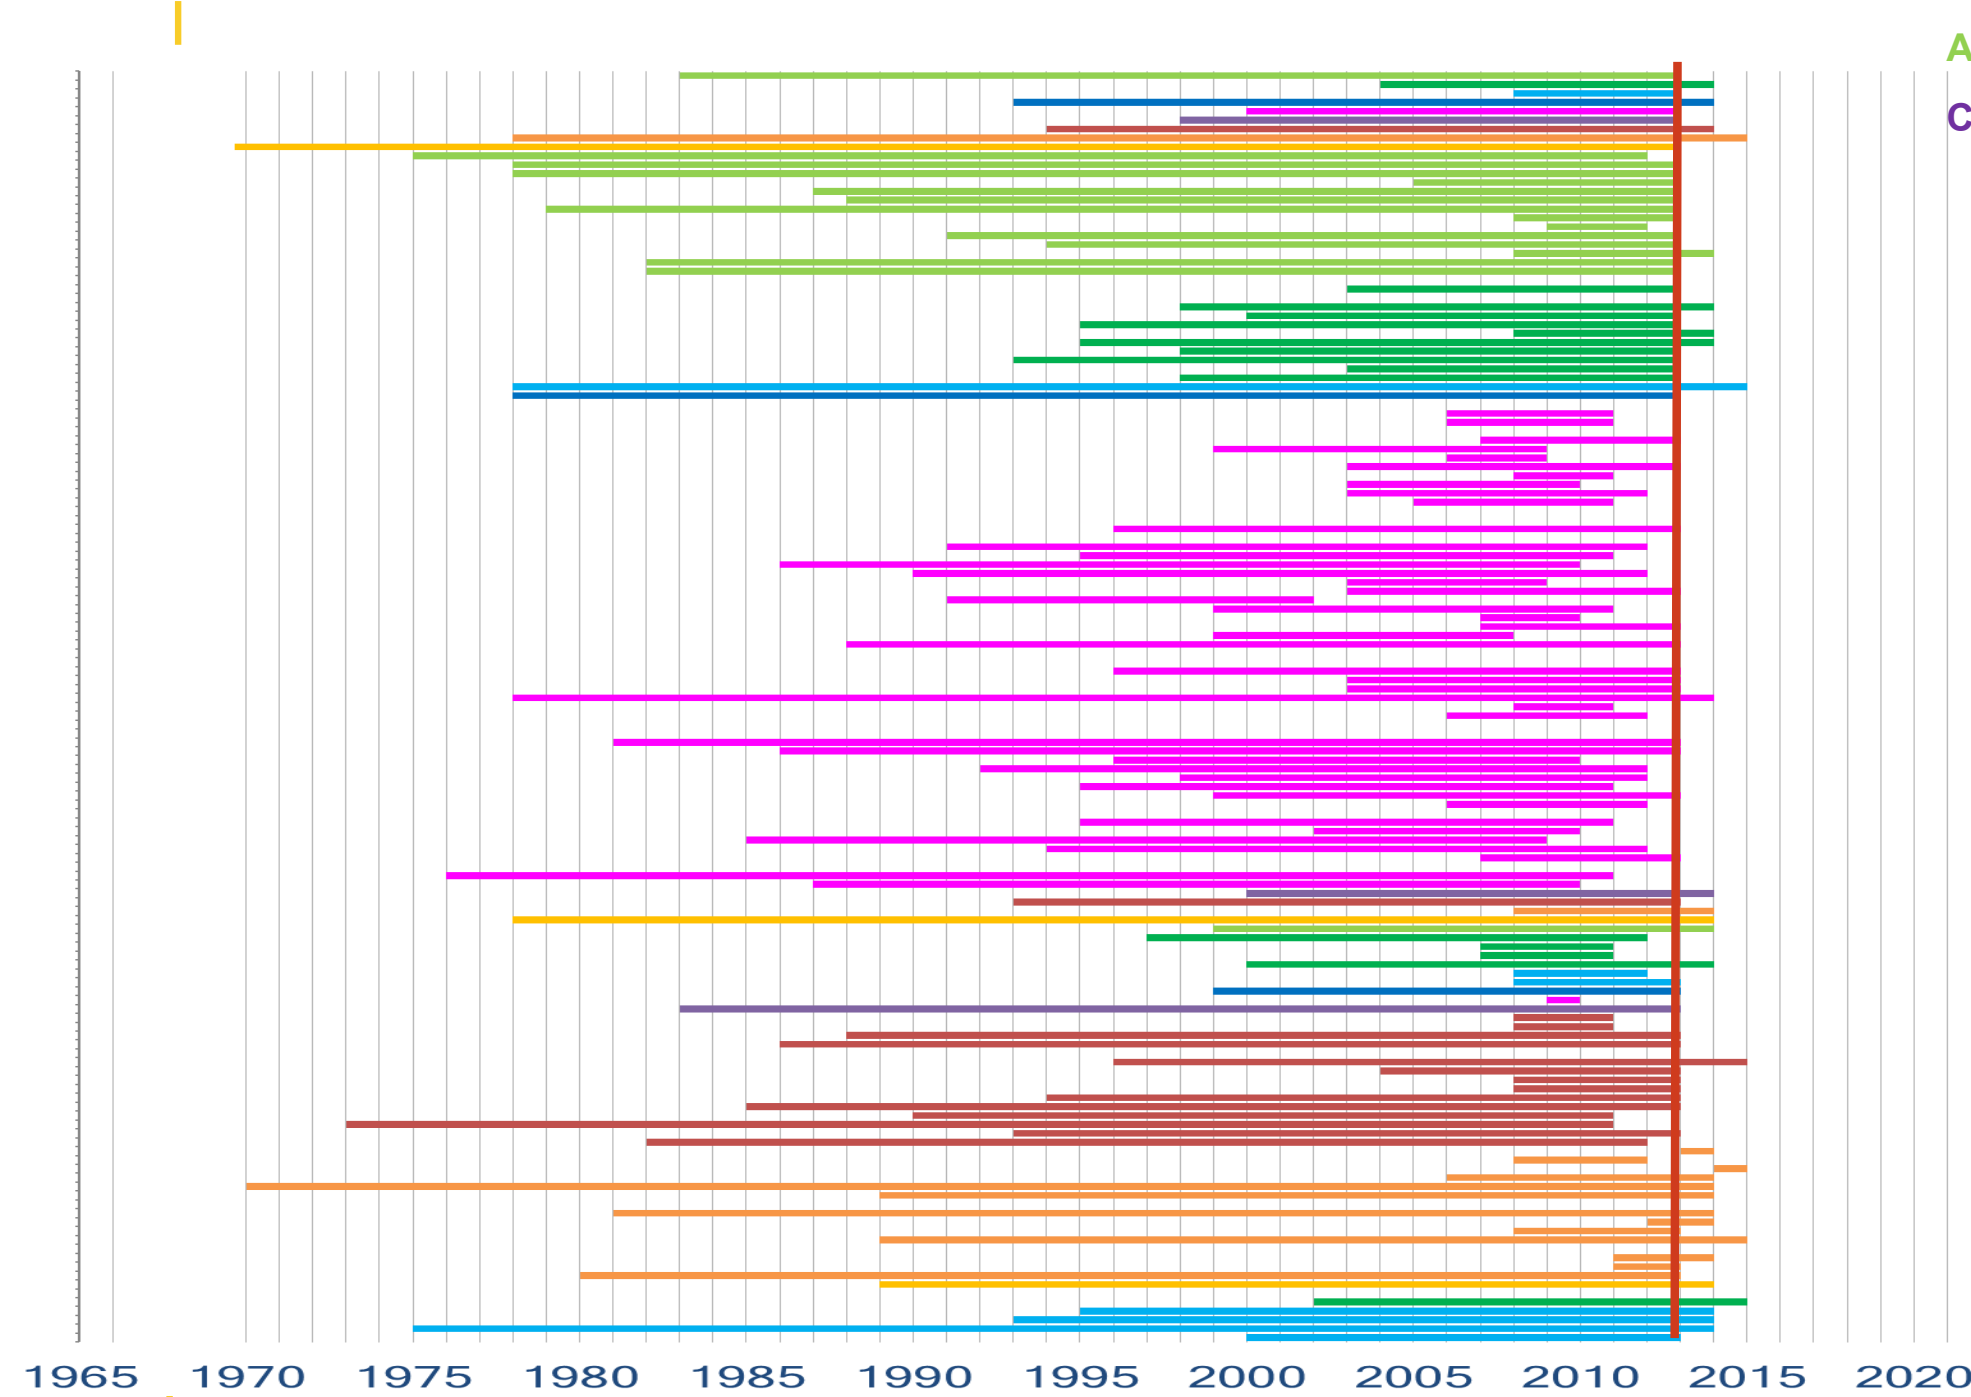

ECIS 2022 data call: interim coverage

ECIS 2022 data call submissions Interim coverage on the 10.11.2023

- 80 general cancer registries submitted record-level data (or commenced submission) in the secure submission portal
- 60 general cancer registries still expected to submit. Some countries will submit aggregated-level data
- In 2022 data call, cancer registries are invited to submit data disaggregated by NUTS2 regions, if their area is larger than NUTS2
- Apart from data submitted by cancer registries, ECIS will be complemented with causes of death statistics from EUROSTAT at NUTS2 level
