

NEWSFLASH

Welcome to the ENCR Newsflash - June 2023

This is the newsflash of the European Network of Cancer Registries, produced by the Joint Research Centre of the European Commission, hosting the ENCR Secretariat. The newsflash is issued 4-6 times a year, informing of the most recent developments and activities relevant for the European cancer registries.

NEWS

Job vacancy at the JRC: Epidemiologist with oncological background 2023-IPR-F1-FGIV-023016

The European Commission's Joint Research Centre (JRC) is looking for an epidemiologist with oncological background for its Cancer Information team, to provide scientific and technical support to the European Cancer Information System (ECIS) and cooperation with the European Network of Cancer Registries (ENCR). Deadline for application is June 15, 2023

Cancer registration practices in Europe: ENCR-JRC survey, June 2023

An invitation to fill in a questionnaire has been sent to the Directors of the population-based cancer registries operating in Europe, with the aim to provide an update on the current practices for cancer registration and the legal framework of the registries. The valuable contribution provided by cancer registries will elucidate on the main challenges European CRs are facing presently, with a view to facilitate future support from the European institutions. The survey deadline is June 30, 2023. The link to the questionnaire is included in the invitation letter. Please contact ENCR Secretariat in case your registry has not received the invitation.

EVENTS

ENCR-IACR 2023 Scientific Conference, 14-16 Nov 2023, Granada, Spain

The deadline for submission of scientific abstracts has been extended until June 15, 2023.

TOOLS

Ask an expert

The Ask an Expert section is available on the ENCR website for those who wish to submit questions about difficult-to-code cancer cases. Questions submitted through a dedicated form will be answered by the appropriate expert. The most frequently asked questions about coding may be added in the future to a FAQ's list on the ENCR website.

[More](#)

eLearning

ENCR e-learning modules are accredited and aim to facilitate the training of cancer registrars in coding topography, morphology and cancer stage, implementing the relevant international classifications.
